Profile

Dave Skinner is hugely experienced, BAFTA award winning, multi camera director. With over 30 years experience in the industry, he has worked as a producer, series producer, executive producer and single camera director but is best known for directing multi camera, outside broadcast and studio based programming (live & pre recorded). He is well versed in terrestrial & digital broadcasting on all the main channels and has been working with on line platforms since the early stages of their development. He has also worked as a consultant on several projects for CCTV in China and been a mentored on several occasions, on the multi-camera director's course at the National Film and Television school and at Salford University, and has lectured on multi-camera directing at Edge Hill University. He has worked all over the world and has a vast experience, a good rapport with major broadcasters, presenters, production teams and production companies and an ability to always deliver a high quality product.
